- Technologies used: - **HTML / CSS / Bootstrap / JavaScript.**

## Experience

### Development Professional Programme
**Just IT** — London
Jun 2020 to Current

- Self-funded Software Development course where I studied and used technologies for software development with a small group of learners.
- Created front-end apps with **HTML, CSS, Bootstrap and JavaScript**.
- Created console applications using **C# and .Net**.
- Created Full-Stack apps using **ASP.NET MVC, Entity Framework, MS SQL Server and JavaScript**.
- Worked closely with other team members to identify and remove software bugs.

### Teaching Assistant
**Academics Ltd** — London
Jan 2020 to Jun 2020

- Assisted in helping secondary students understand their work in a logical and systematic approach.
- Supported teachers with learning activities, ensuring the health, safety and good behaviour of students.
- Collaborated with the teacher to devise and implement developmentally appropriate lessons aligning with the school's philosophy and mission.
- Established positive relationships with students, leading by example and responding appropriately to the student's needs.
- Measured students' motor, language and emotional skills using developmental screenings.
- Took the register, marked homework and maintained routine student records.

### Event Staff
**Evolve Hospitality** — London
Jun 2019 to Mar 2020

- Liaised with internal and external stakeholders to effectively coordinate event delivery.
- Helped set up the venue for special events by locating furniture and building desired arrangements.
- Maintained excellent standards of service through impeccable attention to detail.
- Delivered an exceptional level of service to each customer by listening to concerns and answering questions.
- Developed expertise and knowledge in bartending, customer service and waitering to ensure consistent delivery of outstanding professional services.
- Processed cash, credit card and voucher payments.

### Student Ambassador
**University of Kent** — Canterbury
Oct 2017 to Jul 2019

- Showed sixth form students both university and real-world scenario lab environment.
- Encouraged secondary and sixth form students to investigate further education and conduct research into future aspirations.
- Spoke in classrooms about my personal university experience to allow students to observe how university life will be.
- Participated in carrying out campus tours with other student ambassadors.
- The experience led to an improvement in communication skills and presentation skills by actively engaging with the applicants and parents.
